برنامه افتتاحیه همایش از ساعت ۸ صبح روز سه شنبه ۲۱ اردیبهشتماه در محل پژوهشکده اسانسهای طبیعی در شهر قمصر با سخنرانی مسئولین دانشگاه و شهر و نیز سخنران کلیدی آغاز خواهد شد.

برنامه ارایه سخنرانیهای روز سهشنبه ۲۱ اردیبهشتماه		
زمان ارایه	عنوان سخنرانی	ارایه دهنده
9:0+-1+:1+	Effects of vermicompost and Nitroxin biofertilizer on yield and essential oil of basil (<i>Ocimum basilicum</i> L.)	دکتر محمد تقی درزی
1+:1+-1+:٣+	Mentha longifolia (L.) Huds. essential oil and its main constituents affected by harvest time	دکتر محمد محمودی سورستانی
11:1+-11:4+	Essential oil variability of different plant parts of <i>Perovskia</i> abrotanoides Karel. (Lamiaceae) growing wild in Iran	سید حسین پورحسینی
11:4-11:00	Heat-integrated condenser for essential oil extraction process	علیرضا عباسی برزکی
12:0-12:72	Fragrance Volatiles Variation of oil Rose (<i>Rosa damascena</i> Mill.) During Flower Development	دکتر مریم میرزایی
12:42-12:42	Chemical Composition of Essential Oils from Different Parts of Astrodaucus orientalis (L.) Drude	مسعود بساطى

برنامه ارایه سخنرانیهای روز چهارشنبه ۲۲ اردیبهشتماه		
زمان ارایه	عنوان سخنراني	ارایه دهنده
9:00-9:70	Extraction of oil from <i>Portulaca</i> oleracea seeds using supercritical carbon dioxide technique	دكتر غلامحسين صديفيان
۹:۲۵-۹:۴۵	Evaluation of topical application essence of <i>Mentha piperita</i> in medical sciences on open wound skin	دکتر نسرین تک زارع
9:48-10:00	Comparison of the novel cold- steam distillation and conventional method for isolation of essential oil from rosemary leaves	راضیه شجری کاشانی

لیست پوسترهای نخستین همایش اسانس ایران بخش نخست ارایه پوستر

سهشنبه ۲۱ اردیبهشتماه، ساعت ۱۶:۳۰ – ۱۵:۴۵

ارایه دهنده	عنوان مقاله	شناسه مقاله
سعيد معصوم	Assessment of the peaks responsible for antimicrobial activity of <i>Satureja hortensis</i> L. essential oil using gas chromatography-mass spectrometry technique	essence10001
عليرضا پيرزاد	Chemical phosphorus versus two mycorrhizal fungi species effects on the essential oil composition of pot marigold under water deficit stress	essence10003
سعيده رحيم زاده	Effect of irrigation regimes (rainfed and supplementary) on Essential oil compositions of dragon's head (<i>Lallemantia Iberica Fish. et Mey.</i>)	essence10007
سحر عطااللهي	Effect of storage time on chemical composition of saffron essential oil profile	essence10008
مهدی مهران	Effect of different planting conditions and its impact on yield of essential oil and its constituent compounds in geranium and comparison with two imported samples	essence10009
مژگان عارفی	Morphological variation and flower yield of different populations of <i>Rosa damascena Mill</i> . In kashan	essence10010
محمد تقی درزی	Influence of compost and biofertilizer on seed yield and essential oil of dill (<i>Anethum graveolens</i> L.)	essence10011
حسین بتولی	Chemical composition of essential oil of <i>Dorema</i> ammoniacum D. Don. from Iran	essence10012
حسین بتولی	Chemical composition Essential oils of Calligonum comosum L'Her. from Iran	essence10013
محمد محمودی سورستانی	Oil content, yield and composition of spearmint (Mentha spicata L. var. Kashan) at different cuts	essence10014
محمد محمودی سورستانی	Effect of harvest time on essential oil content and composition of <i>Mentha piperita</i> L.	essence10016
مريم فلاح	Essential oil composition of in vitro regenerated Zhumeria majdae (Lamiaceae): an endangered medicinal plant	essence10017
محبوبه زواررضا	The study of genetic variation in <i>Rosa damascena</i> Mill. from different regions of kashan	essence10018

لیست پوسترهای نخستین همایش اسانس ایران بخش نخست ارایه پوستر

سهشنبه ۲۱ اردیبهشتماه، ساعت ۱۵:۴۵–۱۵:۴۵

ارایه دهنده	عنوان مقاله	شناسه مقاله
مهدى يعقوبى	Investigation of composition of the volatile oil and biological activity of fruits from <i>Smirnovia iranica</i> Sabeti	essence10019
مژگان عارفی	Essential oil characterization of different populations of <i>Rosa damascena</i> Mill. In kashan	-
مسعود بساطی	Chemical Composition of Essential Oils from flowering aerial Parts of <i>Ballota nigra</i> L.	essence10022
محمدرضا حاج سید هادی	Evaluation the effects of manure and amino acid spraying on growth and essential oil content of coriander (<i>Coriandrum sativum</i> L.)	essence10023
حميدرضا فتاحى	Examining and identifying entrepreneurial opportunities in Iran's medicinal plants and essential oils industry	essence10024
سید علیرضا صفایی	GC-FID assay of the essential oil of Cultivated Mentha piperita L. leaves from Dezful in Southwest of I. R. Iran	essence10025
محمود امینی	Comparison of the Essential oils composition of leaves and flowers of <i>Vitex pseudo-negundo</i> Growing in kashan area	essence10028
غلامحسین صدیفیان	Extraction of oil from <i>Dracocephalum kotschyi</i> seeds using supercritical fluid technique	essence10029

لیست پوسترهای نخستین همایش اسانس ایران بخش دوم ارایه پوستر

چهارشنبه ۲۲ اردیبهشتماه، ساعت ۱۰:۰۵ – ۱۰:۰۵

ارایه دهنده	عنوان مقاله	شناسه مقاله
غلامحسین صدیفیان	Chemical composition of essential oil of Launaea acanthodes (Boiss.) from the Iran	essence10030
غلامحسین صدیفیان	Supercritical CO2 extraction of essential oil from Cleome coluteoides Boiss	essence10031
سعيد معصوم	Application of linear multivariate calibration techniques in assessment of the peaks responsible for antimicrobial activity of <i>Oliveria decumbens Vent</i> . using gas chromatography-mass spectrometry technique	essence10032
سید مهدی سیدی	The effect of environmental conditions and regional Essential oil content and composition of the oils of <i>Eucalyptus</i> species	essence10033
حسن کرباسی زاده	Application and mechanism action of green tea extract in sunscreen cream and other cosmetic products	essence10034
سید محمد جواد حسینی زاده	Phytochemical analysis and biological activity of <i>Ziziphora tenuior</i> L. essential oil	essence10036
سید علیرضا صفایی	Assay of the main components in <i>Lavandula</i> angustifolia Mill. essential oil softgel formulation and in a brand product	essence10037
ریحانه معصومی	Investigation of antioxidant activity of the essential oil and methanol extracts of <i>Artemisia aucheri</i> and <i>Artemisia sieberi</i> in kashan area	essence10038
ریحانه معصومی	Chemical constituents of <i>Achillea filipendula Lam.</i> ; A medicinal plant enrichment of borneol as a bioactive phytochemical	essence10040
ريحانه معصومي	Extraction of Alizarin as natural dye from the root of <i>Rubia tinctorum</i> from Kashan aera	essence10041
رضا بخردی	The application and use of the essential oil of Lavandula angustifolia in Aromatherapy, a randomized clinical trial	essence10042

لیست پوسترهای نخستین همایش اسانس ایران بخش دوم ارایه پوستر

چهارشنبه ۲۲ اردیبهشتماه، ساعت ۱۰:۰۵ – ۱۰:۰۵

ارایه دهنده	عنوان مقاله	شناسه مقاله
اعظم سادات بهشتیان	Evaluation of the essential oil and antioxidant activity of methanol extract of <i>Dorema</i> ammuniacum and its phytochemical effect	essence10043
محمد بخشى	Composition of the oil, extracted by n-hexane and antioxidant activity of Iranian <i>Monstera</i> deliciosa	essence10044
رضا کرد	Comparison of microwave assisted hydrodistillation and improved solvent free microwave assisted distillation for essential oil extraction from fennel	essence10045
رضا کرد	Cytotoxic and antioxidant activity of essential oil of seeds of <i>Foeniculum vulgare</i> Mill. from Hamedan	essence10046
حسین حسینی	The effect of different organs of the essential oil Damascus Rose (Rosa damaascena)	essence10048
نرجس فرزين	Phytochemical composition of the essential oils from <i>Pelargonium graveolens</i> growing in Kashan, Iran	essence10050
علی اصغر رشیدی	GC-MS analysis of essential oils from <i>Lallemantiaiberica</i> and its cytotoxicityactivities	essence10051
مرتضى يزدانى	Antimicrobial activity of essential oils of <i>tragopogon dubius</i> from Southwest of marivan	essence10052
زهرا آقاجانی	Application of Life Cycle Assessment in essential oils extraction industry	-
