

University of Kashan was Founded as the first institution of higher education in 1973. It began its academic activities in October, 1974 by 200 students of Mathematics and Physics. Presently, University of Kashan has 11 faculties which include: Literature and Foreign Languages, Engineering, Electrical and Computer Engineering, Mechanical Engineering, Mathematics, Chemistry, Physics, Art and Architecture, Natural Resources and Earth Sciences, Humanities, E-learning. Each faculty has its own specialized library.

The research centers are as follows: Nanoscience and Nanotechnology, Essential Oils, Energy, Study of Kashan, Carpet, Student, Architecture and Urban development, Water, Drought, Climate Change and Sustainable Development. The other centers are Observatory, Astronomy, Advanced Material and Intelligent Systems, laboratory, etc.

Presently, the university has nearly 300 staff and university lecturers and it has about 8400 students, studying in over 180 courses, %40 of them are in Postgraduate studies (PhD and M.A/MSc) of which 60% are female students.
